

ENVIRONMENTALLY AND SOCIALLY RESPONSIBLE POLICY

At **West Coast Expeditions** we are committed to working in a sustainable way. We are undertaking the following actions in order to achieve this.

- We comply with the requirements of environmental legislation and approved codes of practice.
- We continuously seek to improve our environmental and social performance.
- We reduce pollution, emissions, and waste through efficiencies.
- We minimize the use of energy, water, and other resources.
- We raise awareness, encourage participation, and train employees in sustainable business practices. Similarly, we learn from and implement the ideas of our employees, guests, and community partners.
- We expect similar environmental standards from all suppliers and contractors, and treat this as an open and ongoing conversation toward improved practices.
- We assist customers to use products and services in an environmentally sensitive way.
- We liaise with the local community.
- We have minimized our risks associated with social and environmental issues.
- We have joined Green Tourism Canada as an indicator of our sustainable practices.

We would like to ask you to help us – please ask if you are unsure about one of our systems, or suggest improvements.

David Pinel, President & Managing Owner
